SMOKY MOUNTAIN WINTERFEST Celebration

With twinkling lights and holiday delights, winter is a special time to visit Sevierville, Tennessee. The 35th Annual Smoky Mountain Winterfest Celebration will soon be glowing bright - with more than 15,000,000 lights decorating the Parkway in Sevierville, Pigeon Forge, and Gatlinburg, Tennessee. Combine that twinkling beauty with holiday attractions and shows, shopping, and great places to enjoy warm winter meals and you've got Smoky Mountain Winterfest.

Adding to the amazing light display in town is SkyLand Ranch's Festival of Lights. This year they are adding 200,000 lights to make for nearly 1 million total Christmas lights on the mountain! This 100-acre mountaintop ranch, located just off the Parkway in Sevierville, will be aglow from November 1 - January 20! Also new this year, Skyland Ranch is offering a Christmas Eve Feast that is the perfect way to celebrate the holiday season with family!

Wilderness at the Smokies will once again be transforming its outdoor waterpark into Winter Wilderland - complete with holiday snacks and treats, scheduled live entertainment, and a fun ice-skating rink for all to enjoy with family and friends (Nov. 8, & 9, and Nov. 15 - Jan.7). Tickets to the outdoor skating rink is open to both Wilderness guests and the public.

Next door at Soaky Mountain Waterpark, Shadrack's Christmas Wonderland (Nov. 22 - Jan. 5) is back with a longer-than-ever route and a plethora of lights in this visual extravaganza that is perfectly synchronized to the Christmas music played over your car radio. Their new custom-built, giant, all-LED displays are guaranteed to delight.

If you are planning to visit for Winterfest, take care to choose the perfect place to stay. Settle in to a cozy cabin all decked out for the holidays or choose a fun indoor water park resort so the kids can splash and play on vacation. Try glamping, stay in a treehouse, or reserve a great hotel in the middle of all the fun. Campgrounds and RV resorts also welcome visitors during Smoky Mountain Winterfest.

After-Thanksgiving, shopping is nothing short of an event in Sevierville. Popular retail centers like Tanger Outlets Sevierville begin their major sales on Black Friday and run them throughout the weekend. Check out huge sales at other popular stores including Bass Pro Sevierville, Smoky Mountain Knife Works, and many more for amazing Black Friday and after Thanksgiving weekend sales.

Make plans to attend the Christmas at the Courthouse tree lighting on December 6 from 5:30 pm until 8:30 pm in historic downtown Sevierville. Then return the next morning for Sevierville's 62nd Annual Christmas Parade on December 7 beginning at 11 am. This hometown Christmas Parade is a holiday delight and winds its way through historic downtown Sevierville.

The Sevierville Commons Association is also hosting their Cocoa Crawl Christmas Market on December 14th in downtown Sevierville. Vendors with hand made crafts, sweet treats and local artistry will fill the streets at this fantastic holiday market. You will be sure to help cross names off your shopping list and satisfy your sweet tooth, while getting you in the holiday spirit!

Visiting Smoky Mountain Winterfest each year is a wonderful tradition for family and friends. From snow skiing and ice skating to shopping, shows, and enjoying all the lights - Smoky Mountain Winterfest is a holiday tradition worth making your own. Discover more things to see and do, places to shop, and memories to make together at this year's Smoky Mountain Winterfest.

Winterfest Lights, Fun at Ober Mountain, and New Year's Eve!

What's Happening In GATLINBURG?

Winter in Gatlinburg is a special time of year. The lights of Winterfest decorate the town with sparkling displays of holiday cheer and special events highlight a magical season in the smokies. Below is some of the options for fun this winter.

Enjoying the **Winterfest** lights creates memories that last a lifetime, and whether you chose traveling by car or taking the trolley, they are sure to create moments of wonder and delight. This year **Scenic Helicopter Tours** has brought back the amazing option of viewing the **Winterfest displays... from the sky**. Scenic Helicopter Tour's nighttime flights allow you and your family the opportunity to soar above the glowing skyline of the smokies. It is only their second year offering this amazing way to experience the lights of Winterfest and with how popular the flights were last year, you will want to be sure that you call Scenic at **865-355-0828** for details on how you can make your reservations!

As always, **Ober Mountain** is the perfect place to welcome Winter. Atop Ski Mountain, Ober is opening their **snow tubing** fun every day of the week starting on Nov. 15th and the action will run all winter. During the winter months Ober has great and unique ways to enjoy winter fun, with **Ice Bumper Cars**, **The Snow Zone**, **Ice Skating**, ... and of course, there is always **skiing and snowboarding** at Tennessee's only ski slopes! There is no better place to spend a winter day than at Ober, where the foundation of fabulous fun family memories are just waiting to be made. You can take the arial tram, located on the Parkway in Gatlinburg, or you can drive up Ski Mountain Road to go directly to Ober... but, really the Tram is the perfect way to begin your winter fun on the Mountain Top!

Rounding out the fun in the Burg is two traditions that cannot be missed. First is the **Fantasy of Lights Christmas Parade** on Dec. 6th, running along the Parkway in Gatlinburg. Festive floats filled with lights line the main road at one of the Nations most celebrated holiday parades. Finally, ending the new year in Gatlinburg is the **New Year's Eve Lights of Wonder!** Located at the Space Needle in downtown, but visible from almost anywhere, this New Year's Eve event is the perfect way to ring in the New Year with family and friends. With so much to see and do, it is no wonder that winter in the smokies is unlike any other holiday tradition!

MUST HIKE TRAILS *of the* GREAT SMOKY MOUNTAINS

See National Park Map on Previous Page for Trail Locations

Short Hikes

(Distance is Round Trip)

Abrams Falls • T-1

• *Distance: 5.0 Miles – Difficulty: Moderate*
One of the most popular trails in the Smokies, Abrams Falls is in close proximity to Cades Cove. Beginning at the wooden bridge over Abrams Creek, the trail takes hikers along a pleasant and level course. The trail does become steep when you near Arbutus Ridge and climb into a gap in the ridge. The path then leads to Abrams Falls, one of the park's largest falls and a thing of absolute beauty.

Alum Cave Bluff • T-2

• *Distance: 4.6 Miles – Difficulty: Moderate*
Alum Cave Bluff is one of the finest short hikes the park has to offer. It includes the natural arching "Arch Rock" and three more amazing sites. First is Huggins Hell, named by settlers who were detoured by the areas rhododendrons and laurel. You will then reach Inspiration Bluff, which has a spectacular view of the Little Pigeon River's upper basin. You finish the trek at Alum Cave Bluff, a massive ledge of black slate high above the trail.

Andrews Bald • T-3

• *Distance: 3.6 Miles – Difficulty: Moderate*
This trail follows the upper end of the Forney Ridge Trail, beginning where the paved path to Clingmans Dome Tower leaves the road. The trail ends at Andrews Bald, the highest bald in the Smokies. On a pleasant day the view can be breathtaking, offering an endless landscape of mountains stretching all the way into North Carolina.

Chimney Tops • T-4

• *Distance: 4.0 Miles – Difficulty: Strenuous*
This hike is short and very steep. But, don't let the quick ascent detour you from one of the Smokies' finest views. Relatively easy for the first mile, you will endure a 600-yard climb to the Chimneys before experiencing a view that rivals any other. This trail is not particularly dangerous, but is not recommended for small children.

Clingman's Dome Tower • T-5

• *Distance: 1.0 Mile – Difficulty: Easy*
This trail is a wide, paved course that is moderately accessible with a stroller. Rest

room facilities and benches assist in navigating the path. When you reach the summit, you will be standing on the second highest peak east of the Mississippi River. The tower is reached via a wide ramp, making this trail an immediate favorite amongst families and groups with children.

Grotto Falls • T-6

• *Distance: 3.0 Miles – Difficulty: Moderate*
This trail is located off the Roaring Fork Motor Trail and offers the only waterfall that visitors are able to walk behind. Though the trail is primarily traversing a hemlock forest, it is a suitable trek for novice hikers. The distance to the falls is relatively short and the slope is easy to travel. Located close to Gatlinburg, Grotto Falls has long been a tourist favorite.

Hen Wallow Falls • T-7

• *Distance: 4.4 Miles – Difficulty: Moderate*
Located in Cosby, Hen Wallow Falls begins almost immediately with a steady climb up Snake Den Mountain. Although rugged, the trail passes through a lush, green forest of rhododendrons and ferns, with hemlocks and pines as a canopy. At roughly 0.7 miles from the trailhead you will pass a social trail that leads right, stay straight. Again at 1 mile you will reach Messer Gap, another side trail, and again stay straight. At 2.1 miles you will reach the short and steep side trail that leads down to the Falls. Check out the small cave just to the right of the falls also.

Laurel Falls • T-8

• *Distance: 2.6 Miles – Difficulty: Moderate*
Laurel Falls offers the easiest waterfall access in the Smokies. Following a paved trail, hikers walk through a progression of cascades before arriving at the flat, rocky base of the 60-foot waterfall. This trail is moderately accessible by stroller and offers the perfect spot to sit and take in the beauty of the falls and mystifying sounds of rushing water. Because of this, Laurel Falls is one of the Smokies' most visited trails.

Rainbow Falls • T-9

• *Distance: 5.4 Miles – Difficulty: Moderate*
Though this trail is a bit challenging, it takes visitors to the highest waterfall in the Smoky Mountains. Beginning at the upper end of Cherokee Orchard, the path takes visitors through a field of boulders, hardwood and

hemlock forests and along a streamside to the base of the 80-foot falls. Though this is one of the more difficult short trails, it is well worth the trip once you reach the falls.

Day Hikes

(Distance is Round Trip)

Alum Cave to Mt. Le Conte • T-10

• *Distance: 10.2 Miles – Difficulty: Moderate*
Many will argue that this trail is the best in the Smokies. The trail is highlighted by Arch Rock, Huggins Hell, Inspiration Point, Alum Cave Bluff, and Le Conte lodge atop the mountain. The trail ranges from fairly level to steep and difficult, offering hikers the opportunity to view countless treasures and breathtaking views. At the top of Mount Le Conte, hikers can view a plethora of scenery standing at 6,593 feet above sea level.

Charlies Bunion • T-11

• *Distance: 8.0 Miles - Difficulty: Moderate*
A heavily traveled path, the trail to Charlies Bunion follows the Appala-chian Trail for a majority of your trek. Offering a moderately difficult hike, the trail is relatively easy with more difficult terrain towards the end of the trail. The highlight of this hike is the fine panoramic views that are available at both the beginning and the end of the hike. You can either stand atop Charlies Bunion, offering an easy resting place, or the

Jump-Off. Both give visitors an amazing view that is well worth the walk.

Gregory Bald • T-12

• *Distance: 11.6 Miles – Difficulty: Strenuous*
This hike is not an easy one, but those who choose to take it can look forward to one of the finest views in the Smokies. Overlooking the beautiful Cades Cove basin, Gregory Balds also offers a mid-June spectacle of azaleas. This hike is intended for experienced hikers and will often take an average of four hours just to reach the Balds.

Ramsay Cascades • T-13

• *Distance: 8.0 Miles – Difficulty: Strenuous*
Ramsay Cascades offers one of the most spectacular waterfalls in the Smoky Mountains, but the trek arriving there can be very difficult to traverse. Though the trail begins as a fairly easy path, it becomes a rocky surface that can become very slick and dangerous when moist. Lying deep within the serene surroundings of the mountains, the trail takes visitors through pristine wilderness to two streams cascading over a ledge and forming an immaculate scene that begs for a picnic lunch. Though this trail offers an amazing destination, make sure that you are up to the trip.

Historic CADES COVE LOOP

When touring Cades Cove, you will drive along an 11-mile loop that follows many of the curves and courses that settlers forged years ago. Along the way you will likely come upon wildlife, such as the white tail deer, wild turkey, ground hog and an occasional black bear. The Cove takes visitors into another time, experiencing heritage in each building and wilderness around every turn. Though this is a driving trail, you must get out of your car and experience the tranquil beauty of the trails, wildlife and scenery. Below you will find some information on what the Cove has to offer.

Your first stop on the loop is (1) **John Oliver's Place**. The Oliver's settled into Cades Cove in 1826. This home remained in the Oliver family until the Park was established in the late 1920's. Taking a left you can visit the (2) **Primitive Baptist Church**. Early settlers established this church in 1827, with only a log building to serve the community until 1887. During the Civil War, public unrest shut the church down. Back on the loop you will see the (3) **Methodist Church**.

This building and its furnishings were reportedly the work of a single man, J.D. McCampbell. A blacksmith and carpenter, he built the church in 115 days for \$115. He later became a preacher; serving the area's Methodist population and doing away with the use of circuit preachers for this less dominate faith.

**Mileage to
Cades Cove Loop
From Townsend - 9 mi
From Gatlinburg - 27 mi**

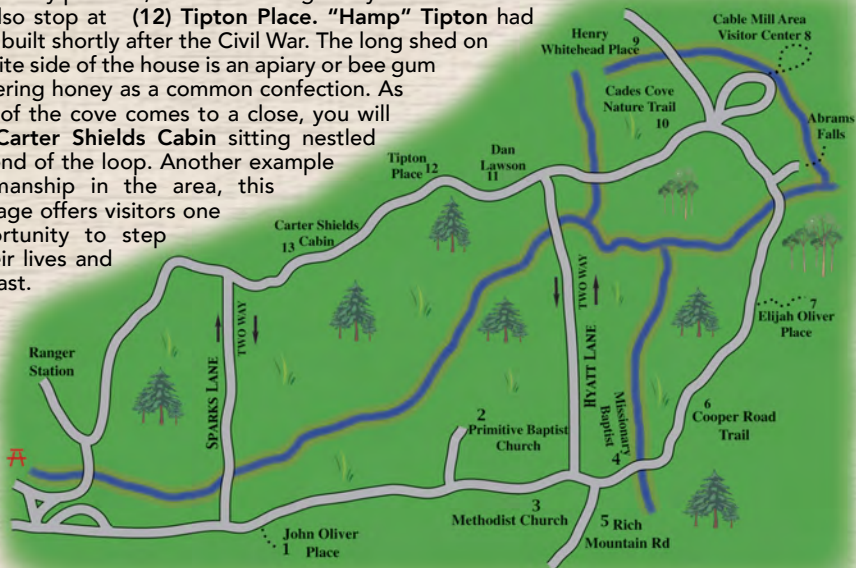

Just after Hyatt Lane you will find the (4) **Missionary Baptist Church**. This church was formed in 1839, when members of the Primitive Baptist Church were dismissed for favorin missionary work. This structure dates from 1894, beginning with a membership of 40 and eventually rising to an enrollment of 115. During the Civil War the church failed to meet for services, but reopened following the war minus Confederate sympathizers. To the right you will find (5) **Rich Mountain Road**. Once an Indian trail, this road was built by the state of Tennessee in the 1920's. This 12-mile long trek takes visitors to the park boundary. Here a remarkable view of the cove awaits from the top of the path. (6) **Cooper Road Trail** sits just ahead. This trail once served as a path for wagons, but today it is a 10-mile

hiking trail that ends near the Foothills Parkway.

At the end of a half-mile hiking trail you will find (7) **Elijah Oliver Place**. Surrounded by a smokehouse, barn and springhouse, this home takes visitors back to a different time. The springhouse looks down on the rest of the home, offering a clean water supply and insuring what modest sanitation was available. At the next stop you will find the (8) **Cable Mill Area**. This area features the Cades Cove Visitors Center, the blacksmith shop, cantilever barn, smokehouse, Gregg-Cable house, the corn crib and the John Cable Mill. The mill is still working and visitors can stop in and sample or purchase corn mill and flour as our ancestors once did. This is a must stop for visitors to the Cove. On up the trail you will find (9) **Henry Whitehead Place**. Built in 1898, this log house and surrounding dwellings are an example of the roughest and finest log construction in the Smokies.

*** The Cades Cove Loop is open from 8:00 am until Sunset.
No Cars Allowed on Wednesdays from May 5 - August 25**

If you feel like stretching your legs a bit try (10) **Cades Cove Nature Trail**. This half mile loop takes visitors into the woods to experience how a settler's family would forge for necessities. Just ahead on the right you will find (11) **Dan Lawson Place**. Built around 1856, some of the better blade work of the time is represented in this home. Small outbuildings served as family pantries, also used as a granary and smokehouse. You can also stop at (12) **Tipton Place**. "Hamp" Tipton had this home built shortly after the Civil War. The long shed on the opposite side of the house is an apiary or bee gum stand, offering honey as a common confection. As your tour of the cove comes to a close, you will see (13) **Carter Shields Cabin** sitting nestled near the end of the loop. Another example of craftsmanship in the area, this small cottage offers visitors one last opportunity to step out of their lives and into the past.

Experience CLINGMANS DOME

*Opens April 1st

At 6,643 feet, Clingmans Dome is the highest point in the Great Smoky Mountains National Park. It is the highest point in Tennessee, and the third highest mountain east of the Mississippi. The observation tower on the summit of Clingmans Dome offers spectacular 360° views of the Smokies and beyond for visitors willing to climb the steep half-mile walk to the tower at the top.

Clouds, precipitation, and cold temperatures are common at Clingmans Dome. Temperatures at the dome can be 10 - 20 degrees cooler than in the surrounding lowlands. The cool, wet conditions on Clingmans Dome's summit make the spruce-fir forest that grows there a coniferous rainforest. Dress in layers and be sure to bring a jacket, even in summer.

Although Clingmans Dome is open year-round, the road leading to it is closed from December 1 through March 31, and whenever weather conditions require. It's seven miles to the end of Clingmans Dome Road and there are scenic pullouts with endless views of ridges and valleys along the way. The road ends in a large parking area from which a 0.5 mile trail leads to the summit. The trail is paved but steep, and leads to an observation tower on top.

Besides the trail to the summit, there are several trails that start on Clingmans Dome Road and parking area. The Appalachian Trail (AT) crosses Clingmans Dome, marking the highest point along its journey from Georgia to Maine. The Forney Ridge Trail leads to Andrews Bald, a high-elevation grassy bald.

To get to Clingmans Dome, take 441 through the Park and turn off .1 miles south of Newfound Gap and follow the 7-mile Clingmans Dome Road to the large parking area at the end.
