# SMOKY MOUNTAIN MASS TRANSIT & TROLLEY ROUTES

Welcome to the Great Smoky Mountains. This region is made up of three cities, Sevierville, Pigeon Forge and Gatlinburg, each offering a variety of dining, entertainment and shopping options. To assist in finding what you are looking for, we have divided our magazine into four different sections. Each city has its own section featuring businesses in that city. There are detailed maps in each section with logo's highlighting the locations of amazing options for attractions, shopping and dining

**GET THE NEW TROLLEY APPS!**

## Sevierville

For detailed map see Pg. 36-37

The Pigeon Forge Mass Transit/Trolley Department AND the Gatlinburg Trolley now have FREE Apps! Use the QR Codes or search in your App Store to download. The Mobile Apps provides real time trolley schedules, trip planning, the ability to purchase passes to ride and all the tools you need to enjoy the Trolley System!

**PIGEON FORGE TROLLEY APP**

**GATLINBURG TROLLEY APP**

during your vacation. The National Park section offers hiking trails and recreational information, along with articles on popular destinations.

Below you will find a map of the entire area with trolley routes included. Just follow the noted page number to find that cities map with featured logo's to find everything there is to see and do in that particular city. We hope that this helps you to navigate the Great Smoky Mountains. The Sevierville/Pigeon Forge Mass Transit runs daily 8:00 - midnight from early March through December and 10:00 am - 10:00 pm in early January and February. Gatlinburg trolley runs daily as follows:  
 • March - April 10:30 am - 10 pm • May - October 8:30 am - 12 am • Nov. - Feb. the Red, Purple & Blue Routes run 10:30 am - 10:00 pm, Yellow runs 10:30 - 6:00 Only Monday - Saturday during these months.

# WHAT'S HAPPENING IN THE SMOKIES?

Discover What's new and Exciting to Experience This Year

Each year, new and exciting options open in the Smokies for visitors to experience with their families! In 2026, new memories are sure to be made and new favorites discovered. In this article, we will touch on a few of the new offerings that our area has this year for your vacation fun.

First up, the bayou has found a home in the smokies, as **Storming Crab** has just opened on the Parkway in **Pigeon Forge**. Featuring a true seafood feast, their signature boils are made with bold seasoning, and the freshest seafood delivered every day! Crab, shrimp and lobster are the features, but don't sleep on their classic fried baskets and amazing sides. Every visit delivers freshness, flavor, and a dining experience that is as lively and fun as it is delicious. You will not believe you are eating in the mountains! Take a short trip to bayou in

the mountains with an amazing feast at the Storming Crab at 2794 Parkway in Pigeon Forge.

Next up on the list is the brand-new **Truth Traveler Virtual Reality Ride**, also located right on the Parkway in **Pigeon Forge**. Journey back to the beginning at one of Pigeon Forge's newest family-friendly attractions! Truth Traveler is an immersive 5D experience that uses cutting-edge VR technology and a custom-animated narrative to bring biblical history to life. With P.O.D. (a spunky, food-

obsessed robot) as your copilot, you'll visit the garden of Eden, hover above the floodwaters of Noah's day, stop by the tower of Babel, enter the upper room with Jesus and the disciples, and more! You can also embark on a celestial adventure in Truth Traveler's immersive planetarium, featuring a 30-foot tilted dome that provides stunningly realistic visuals of the known universe. Experience the wonders of space close-up as you travel with Rae and P.O.D. from earth to the moon and far beyond—examining stars, constellations, nebulae, and distant galaxies. Learn more at [TruthTraveler.com](http://TruthTraveler.com) or stop in at 2680 Parkway to take a ride back in time!

Ripley's just opened their new **Illusion Lab** in **Pigeon Forge**, and you know that they will not disappoint! Descend into Ripley's underground lab of illusions, where things are not always what they seem! Switch up your perspective, challenge your senses, and spark your curiosity through optical, photographic, and interactive illusions. Put your brain to the test and discover the weird world of optical illusions, a one-of-a-kind experience where seeing is believing. Fun for the entire family, the brand-new **Ripley's Illusion Lab** is located at 1950 Parkway in Pigeon Forge and ready to spark your sense of curiosity today!

And... It wouldn't be a new year if we didn't have a new Farmhouse Breakfast Restaurant... well, not exactly new. **Sawyer's Farmhouse** has opened their second location at **862 Wears Valley Road**. Family-Owned and operated, Sawyers doubled down on being voted the Best Breakfast in Pigeon Forge by deciding to take over the valley too. Their breakfast menu features all your classic favorites, made with the freshest ingredients. From the fluffy, made-from-scratch pancakes drizzled with warm, homemade syrup to their light and airy crepes filled with sweet or savory goodness, they have something to satisfy every craving. Don't forget to try their buttery Belgian waffles, perfect for soaking up all the delicious flavors... and their chicken and waffles.... Also their French toast... just try any of it and you will see why they always have a wait and it is always worth it! The original location is still serving up their farm fresh breakfast too at 2831 Parkway in Pigeon Forge, as well as lunch until 2:00 pm if you have a problem with delicious and amazing breakfast food.

Rounding out our updates is news that **Top Jump Trampoline Park & Extreme Arena** is transforming itself into the **All-New Slick City Action Park**, a new indoor slide park scheduled to open later this year. The fully indoor, climate-controlled attraction will feature more than 20 slides, along with dodgeball courts, basketball, a junior area, arcade games, candy, concessions, and more. **Slick City Action Park** is the world's first indoor slide park—built for speed, thrills, and all-ages fun! Giant slides deliver non-stop adrenaline, while air courts let you dunk, dodge, and defy gravity. Little ones have their own play areas, too. Perfect for unforgettable birthdays, team outings, and group events. Indoors, climate-controlled, and open all year. Enjoy a high-energy, weatherproof experience unlike anything else available in the smokies! The Slick City Action Park will be located at 3735 Parkway in Pigeon Forge and updates are coming soon. Be sure to check out [SlickCityPigeonForge.com](http://SlickCityPigeonForge.com) for more info!

This is just a sampling of the new and exciting options in the area! Remember to keep a look out for that new adventure, and check to see if that next spot has a coupon available to save a little money!

# Welcome to the GREAT SMOKY MOUNTAINS National Park

Few places in the world can rival the splendid beauty and serene settings of the Smoky Mountain National Park. Named this due to the smoky haze that can often be found enveloping the hilltops and valleys, the Smoky Mountains are as unique as a falling snowflake. As the most popular National Park in the country, this 520,000 acre mountain wilderness attracts more than 10 million visitors each year. With a unique and awe inspiring diversity of plant and animal life, a rich history and a multitude of recreational options, the Park offers something for everyone.

Guests to the Park are advised to make a short stop at the Sugarland's Visitors Center, located just outside Gatlinburg on Highway 441. The center is a useful place for information and advise to make your trip even more enjoyable. The center offers a state of the art theater, nature exhibits, a bookstore, and permits for parking, hiking, camping and fishing. There are also rangers available to answer any of your questions and give advise about the park.

The Smoky Mountain National Park is a wild-lands sanctuary and biosphere reserve that preserves one of the world's most amazing deciduous forests. The Park features more than 4,000 species of plants, 1,600 kinds of flowering plants, dozens of native fish, more than 230 species of birds and 65 varying species of mammals. The Park is home to more than 130 species of trees, exceeding that of northern Europe. This remarkable biological diversity and abundance is also complimented by approximately 150 trails that cover over 900 miles of pristine nature. In this section you can find a list of our favorite trails, along with the distance, difficulty and a short description of why these trails stand out. The Park also offers such activities as fishing, biking, camping, swimming, and rafting, just to name a few.

If you would rather sit inside an air-conditioned vehicle while touring the Smokies, navigating the loop at Cades Cove is a must. Here you might see the two most prolific mammals in the park, the white tail deer and black bear. You can find out more about Cades Cove in the following pages. If the loop is not enough for you, then you can traverse the Park on Roaring Fork Motor Nature Trail or US 441, which is the only road that goes directly through the National Park. Once you reach the peak at Kuwohi, an observation tower awaits you to give you a 360-degree view standing on the highest point in Tennessee. This drive through the park offers an amazing display of wilderness, and will take visitors to most of the Parks trails and notable sights.

In the following pages you will find useful information on popular hiking trails, Cades Cove, the Roaring Fork Motor Nature Trail, the Dragon and Kuwohi Tower. Please remember that the purpose of the Park is to preserve this natural wonder and its cultural heritage for those who visit it now and for generations to come. Be courteous not only to those around you, but also to the surrounding area and its wildlife as well. Enjoy the time that you have here and be careful in your upcoming adventures.

See National Park Map on Previous Page for Trail Locations

## Short Hikes

(Distance is Round Trip)

### Abrams Falls • T-1

• *Distance: 5.0 Miles – Difficulty: Moderate*  
One of the most popular trails in the Smokies, Abrams Falls is in close proximity to Cades Cove. Beginning at the wooden bridge over Abrams Creek, the trail takes hikers along a pleasant and level course. The trail does become steep when you near Arbutus Ridge and climb into a gap in the ridge. The path then leads to Abrams Falls, one of the park's largest falls and a thing of absolute beauty.

### Alum Cave Bluff • T-2

• *Distance: 4.6 Miles – Difficulty: Moderate*  
Alum Cave Bluff is one of the finest short hikes the park has to offer. It includes the natural arching "Arch Rock" and three more amazing sites. First is Huggins Hell, named by settlers who were detoured by the areas rhododendrons and laurel. You will then reach Inspiration Bluff, which has a spectacular view of the Little Pigeon River's upper basin. You finish the trek at Alum Cave Bluff, a massive ledge of black slate high above the trail.

### Andrews Bald • T-3

• *Distance: 3.6 Miles – Difficulty: Moderate*  
This trail follows the upper end of the Forney Ridge Trail, beginning where the paved path to Kuwhoi Tower leaves the road. The trail ends at Andrews Bald, the highest bald in the Smokies. On a pleasant day the view can be breathtaking, offering an endless landscape of mountains stretching all the way into North Carolina.

### Chimney Tops • T-4

• *Distance: 4.0 Miles – Difficulty: Strenuous*  
This hike is short and very steep. But, don't let the quick ascent detour you from one of the Smokies finest views. Relatively easy for the first mile, you will endure a 600-yard climb to the Chimneys before experiencing a view that rivals any other. This trail is not particularly dangerous, but is not recommended for small children.

### Kuwhoi Tower • T-5

• *Distance: 1.0 Mile – Difficulty: Easy*  
This trail is a wide, paved course that is moderately accessible with a stroller. Rest

room facilities and benches assist in navigating the path. When you reach the summit, you will be standing on the second highest peak east of the Mississippi River. The tower is reached via a wide ramp, making this trail an immediate favorite amongst families and groups with children.

### Grotto Falls • T-6

• *Distance: 3.0 Miles – Difficulty: Moderate*  
This trail is located off the Roaring Fork Motor Trail and offers the only waterfall that visitors are able to walk behind. Though the trail is primarily traversing a hemlock forest, it is a suitable trek for novice hikers. The distance to the falls is relatively short and the slope is easy to travel. Located close to Gatlinburg, Grotto Falls has long been a tourist favorite.

### Hen Wallow Falls • T-7

• *Distance: 4.4 Miles – Difficulty: Moderate*  
Located in Cosby, Hen Wallow Falls begins almost immediately with a steady climb up Snake Den Mountain. Although rugged, the trail passes through a lush, green forest of rhododendrons and ferns, with hemlocks and polars as a canopy. At roughly 0.7 miles from the trailhead you will pass a social trail that leads right, stay straight. Again at 1 mile you will reach Messer Gap, another side trail, and again stay straight. At 2.1 miles you will reach the short and steep side trail that leads down to the Falls. Check out the small cave just to the right of the falls also.

### Laurel Falls • T-8

• *Distance: 2.6 Miles – Difficulty: Moderate*  
Laurel Falls offers the easiest waterfall access in the Smokies. Following a paved trail, hikers walk through a progression of cascades before arriving at the flat, rocky base of the 60-foot waterfall. This trail is moderately accessible by stroller and offers the perfect spot to sit and take in the beauty of the falls and mystifying sounds of rushing water. Because of this, Laurel Falls is one of the Smokies most visited trails.

### Rainbow Falls • T-9

• *Distance: 5.4 Miles – Difficulty: Moderate*  
Though this trail is a bit challenging, it takes visitors to the highest waterfall in the Smoky Mountains. Beginning at the upper end of Cherokee Orchard, the path takes visitors through a field of boulders, hardwood and

**USE PROMO CODE NAV2**

hemlock forests and along a streamside to the base of the 80-foot falls. Though this is one of the more difficult short trails, it is well worth the trip once you reach the falls.

## Day Hikes

*(Distance is Round Trip)*

### Alum Cave to Mt. Le Conte • T-10

• *Distance: 10.2 Miles – Difficulty: Moderate*  
Many will argue that this trail is the best in the Smokies. The trail is highlighted by Arch Rock, Huggins Hell, Inspiration Point, Alum Cave Bluff, and Le Conte lodge atop the mountain. The trail ranges from fairly level to steep and difficult, offering hikers the opportunity to view countless treasures and breathtaking views. At the top of Mount Le Conte, hikers can view a plethora of scenery standing at 6,593 feet above sea level.

### Charlies Bunion • T-11

• *Distance: 8.0 Miles - Difficulty: Moderate*  
A heavily traveled path, the trail to Charlies Bunion follows the Appalachian Trail for a majority of your trek. Offering a moderately difficult hike, the trail is relatively easy with more difficult terrain towards the end of the trail. The highlight of this hike is the fine panoramic views that are available at both the beginning and the end of the hike. You can either stand atop Charlies Bunion, offering an easy resting place, or the

Jump-Off. Both give visitors an amazing view that is well worth the walk.

### Gregory Bald • T-12

• *Distance: 11.6 Miles – Difficulty: Strenuous*  
This hike is not an easy one, but those who choose to take it can look forward to one of the finest views in the Smokies. Overlooking the beautiful Cades Cove basin, Gregory Balds also offers a mid-June spectacle of azaleas. This hike is intended for experienced hikers and will often take an average of four hours just to reach the Balds.

### Ramsay Cascades • T-13

• *Distance: 8.0 Miles – Difficulty: Strenuous*  
Ramsay Cascades offers one of the most spectacular waterfalls in the Smoky Mountains, but the trek arriving there can be very difficult to traverse. Though the trail begins as a fairly easy path, it becomes a rocky surface that can become very slick and dangerous when moist. Lying deep within the serene surroundings of the mountains, the trail takes visitors through pristine wilderness to two streams cascading over a ledge and forming an immaculate scene that begs for a picnic lunch. Though this trail offers an amazing destination, make sure that you are up to the trip.

# Historic CADES COVE LOOP

When touring Cades Cove, you will drive along an 11-mile loop that follows many of the curves and courses that settlers forged years ago. Along the way you will likely come upon wildlife, such as the white tail deer, wild turkey, ground hog and an occasional black bear. The Cove takes visitors into another time, experiencing heritage in each building and wilderness around every turn. Though this is a driving trail, you must get out of your car and experience the tranquil beauty of the trails, wildlife and scenery. Below you will find some information on what the Cove has to offer.

Your first stop on the loop is (1) **John Oliver's Place**. The Oliver's settled into Cades Cove in 1826. This home remained in the Oliver family until the Park was established in the late 1920's. Taking a left you can visit the (2) **Primitive Baptist Church**. Early settlers established this church in 1827, with only a log building to serve the community until 1887. During the Civil War, public unrest shut the church down. Back on the loop you will see the (3) **Methodist Church**. This building and its furnishings were reportedly the work of a single man, J.D. McCampbell. A blacksmith and carpenter, he built the church in 115 days for \$115. He later became a preacher; serving the area's Methodist population and doing away with the use of circuit preachers for this less dominate faith.

**Mileage to  
Cades Cove Loop  
From Townsend - 9 mi  
From Gatlinburg - 27 mi**

Just after Hyatt Lane you will find the (4) **Missionary Baptist Church**. This church was formed in 1839, when members of the Primitive Baptist Church were dismissed for favoring missionary work. This structure dates from 1894, beginning with a membership of 40 and eventually rising to an enrollment of 115. During the Civil War the church failed to meet for services, but reopened following the war minus Confederate sympathizers. To the right you will find (5) **Rich Mountain Road**. Once an Indian trail, this road was built by the state of Tennessee in the 1920's. This 12-mile long trek takes visitors to the park boundary. Here a remarkable view of the cove awaits from the top of the path. (6) **Cooper Road Trail** sits just ahead. This trail once served as a path for wagons, but today it is a 10-mile

hiking trail that ends near the Foothills Parkway.

At the end of a half-mile hiking trail you will find (7) **Elijah Oliver Place**. Surrounded by a smokehouse, barn and springhouse, this home takes visitors back to a different time. The springhouse looks down on the rest of the home, offering a clean water supply and insuring what modest sanitation was available. At the next stop you will find the (8) **Cable Mill Area**. This area features the Cades Cove Visitors Center, the blacksmith shop, cantilever barn, smokehouse, Gregg-Cable house, the corn crib and the John Cable Mill. The mill is still working and visitors can stop in and sample or purchase corn mill and flour as our ancestors once did. This is a must stop for visitors to the Cove. On up the trail you will find (9) **Henry Whitehead Place**. Built in 1898, this log house and surrounding dwellings are an example of the roughest and finest log construction in the Smokies.

**\* The Cades Cove Loop is open from 8:00 am until Sunset.  
No Cars Allowed on Wednesdays from May thru September**

If you feel like stretching your legs a bit try (10) **Cades Cove Nature Trail**. This half mile loop takes visitors into the woods to experience how a settler's family would forge for necessities. Just ahead on the right you will find (11) **Dan Lawson Place**. Built around 1856, some of the better blade work of the time is represented in this home. Small outbuildings served as family pantries, also used as a granary and smokehouse. You can also stop at (12) **Tipton Place**. "Hamp" Tipton had this home built shortly after the Civil War. The long shed on the opposite side of the house is an apiary or bee gum stand, offering honey as a common confection. As your tour of the cove comes to a close, you will see (13) **Carter Shields Cabin** sitting nestled near the end of the loop. Another example of craftsmanship in the area, this small cottage offers visitors one last opportunity to step out of their lives and into the past.

## Experience **KUWOHI TOWER**

At 6,643 feet, Kuwohi Mountain is the highest point in the Great Smoky Mountains National Park. It is the highest point in Tennessee, and the third highest mountain east of the Mississippi. The observation tower on the summit of Kuwohi offers spectacular 360° views of the Smokies and beyond for visitors willing to climb the steep half-mile walk to the tower at the top.

Clouds, precipitation, and cold temperatures are common at Kuwohi Tower. Temperatures at the dome can be 10 - 20 degrees cooler than in the surrounding lowlands. The cool, wet conditions on Kuwohi Tower summit make the spruce-fir forest that grows there a coniferous rainforest. Dress in layers and be sure to bring a jacket, even in summer.

Although Kuwohi Tower is open year-round, the road leading to it is closed from December 1 through March 31, and whenever weather conditions require. It's seven miles to the end of Kuwohi Road and there are scenic pullouts with endless views of ridges and valleys along the way. The road ends in a large parking area from which a 0.5 mile trail leads to the summit. The trail is paved but steep, and leads to an observation tower on top.

Besides the trail to the summit, there are several trails that start on Kuwohi Road and at the parking area. The Appalachian Trail (AT) crosses Kuwohi Tower, marking the highest point along its journey from Georgia to Maine. The Forney Ridge Trail leads to Andrews Bald, a high-elevation grassy bald.

To get to Kuwohi Tower, take 441 through the Park and turn off .1 miles south of Newfound Gap and follow the 7-mile Kuwohi Road to the large parking area at the end.

**Mileage to Kuwohi Tower • From Cherokee - 25 mi  
& From Gatlinburg - 23 mi**

# TAMING *the* DRAGON

The Dragon at Deals Gap offers up 318 curves over 11 miles, and has become one of the premiere motorcycle and sports car roads in the country. This road is not for the weak of heart, and can be quite an adventure. If you think you have what it takes to tame the Dragon and are ready for curve... after curve... after curve... then good luck and be safe.

To get to the Dragon, you need to travel on 321 to the Foothills Parkway. You can find 321 by traveling through Maryville towards Townsend, or from Pigeon Forge turn onto 321 (Wears Valley Rd.) at traffic light #3. Once in Townsend, take a right and continue on 321. Turn onto and follow the Foothills Parkway until you get to 129 and turn left. The Dragon is located on US 129 crossing the Tennessee/North Carolina state line.

# ROARING FORK

## *Motor Nature Trail*

Beginning and ending within miles of downtown Gatlinburg, the Roaring Fork Motor Nature Trail is a one-way drive that takes visitors along a 5.5 mile experience through the National Park. The path begins its intimate journey through the wilderness at Airport Road, just off the main Parkway in Gatlinburg.

This motor trail takes visitors back in time, weaving a story of the people who once lived here, while showing off the immaculate Eastern Hemlocks. Below these evergreens thrives an underscore of rhododendrons, azaleas and mountain laurels. An abundance of birds and wildlife greet you, as the river remains a constant companion along your trip.

Along the trek, visitors can find numerous activities that will draw you from your car. Hiking trails can take you on foot into another time. Grotto Falls, one of three waterfall trails, sends hikers to one of the Park's most dramatic waterfalls and can take you all the way to Brushy Mountain and Mount LeConte. There are also three homesteads that can be visited on the trail, displaying the life that settlers lived many years ago.

With all there is to see on the Motor Nature Trail, it is suggested that you take your time and enjoy the majestic beauty before you. You can get more information on Roaring Fork from the Sugarlands Visitors Center. Be careful and enjoy your trip through time.
